Woodland™ Series Electric Log Sets

Backed by over 40 years of experience working with real flames, Napoleon is applying that knowledge to their rapidly growing electric fireplace line. These newly designed electric log sets offer authentic glowing logs and realistic flames.

The Woodland™ series electric log sets allow you to enjoy the look and ambiance of a gas or wood fireplace without any mess, fuss or costly installation fees. Just plug in and place in a pre-existing masonry fireplace.

Product Features

- 5,000 BTU heater with two different heat settings
- Can be plugged in or hardwired 120V
- Five piece hand painted resin log set
- High intensity LED lights provide an alluring flame show as well as realistic burning logs and glowing ember bed
- Flames are projected onto a nearby surface behind the log set
- Easy to place into any existing fireplace
- Multi function remote allows you to turn the unit on and off, adjust the flame and heat output, turn the ember log light on and off, choose from six temperature settings and set a timer
