NAPOLEON® LHD62 LINEAR DIRECT VENT GAS FIREPLACE A DYNAMIC 62" LINEAR CONTEMPORARY DESIGN

Barrie, ON., March 01, 2012 – Napoleon® introduces a dynamic 62" linear direct vent gas fireplace that can be installed in both residential or commercial applications.

The LHD62 comes standard with a Topaz CRYSTALINE™ ember bed, Porcelain Reflective Radiant Panels, electronic ignition and non-combustible facing materials making it the perfect fireplace for lobbies, entrance ways, hallways, bars, lounges, living rooms and more. With an impressive 62" width the LHD62 is the perfect addition to Napoleon's Linear High Definition Series.

"We recently unveiled a sneak peak of the LHD62 at a recent builder show and people couldn't help but crowd around it." states Greg Thomas, Napoleon's Director of Sales. "Its linear design will make it the perfect choice for builders and renovators. The 62" linear design and non-combustible facing material, included with the unit, lets them offer their customers a really unique fireplace experience and at the same time, saves them time and money with the installation." added Thomas.

The LHD62 offers up to 50,000 BTU's and a fuel saving electronic ignition with battery back-up. A safety screen and modulating thermostatic remote control comes standard with the unit. Optional media enhancement kits (river rocks, driftwood, GEO shapes and coloured glass) and decorative surrounds are available to enhance the look of the fireplace.

The LHD62 linear direct vent gas fireplace will be available at authorized Napoleon® dealers nationwide in Spring 2012. For more information or to find a dealer nearest you, visit napoleonfireplaces.com.

About Wolf Steel Ltd.: It all began in 1976 when a small steel fabrication business launched by Wolfgang Schroeter started manufacturing steel railings in Barrie, Ontario, Canada. At that time, no one could imagine the incredible future that lay ahead for Wolf Steel Ltd. and eventually Napoleon® Fireplaces and Napoleon® Gourmet Grills. Since the first wood stove rolled off the production line over 35 years ago, Wolf Steel's commitment was to be distinctive and successful in everything they do. Napoleon's commitment to producing quality products combined with honest, reliable service has proven to be successful framework to ensuring the continued rapid growth of the company. Napoleon® is an ISO9001 - 2008 registered company and now operates with 750,000+ square feet of manufacturing space and employs over 700 associates. Napoleon® is North America's largest privately owned manufacturer of quality wood and gas fireplaces (inserts and stoves), gourmet gas and charcoal grills, outdoor living products, waterfalls and a complete line of HVAC equipment.
