EXPERTS IN GAS & INFRARED GRILLING

NAPOLEON®
GOURMET GRILLS

THE STORY

It all began in 1976 when a small steel fabrication business launched by Wolfgang Schroeter started manufacturing steel railings in Barrie, Ontario, Canada. At that time, no one could imagine the incredible future that lay ahead for Wolf Steel Ltd. and eventually Napoleon® Fireplaces and Napoleon® Gourmet Grills. Since the first wood stove rolled off the production line over 30 years ago, Wolf Steel's commitment was to be distinctive and successful in everything they do. The original stove featured a solid cast iron two-door design and was produced in a one thousand square foot manufacturing facility. By 1981, the name "Napoleon™" was born and with it, the first single glass door with Pyroceram high temperature ceramic glass – a first in the industry. This was the first of many milestones for Wolf Steel™ and over the next few years, the demand for Napoleon's wood stoves grew beyond Ontario's borders to the rest of Canada, the United States, Europe and the United Kingdom. Napoleon® is an ISO9001 – 2008 registered company and operates with 750,000+ square feet of manufacturing space and over 400 employees. We are North American's largest privately owned manufacturer of quality wood and gas fireplaces (inserts and stoves), gourmet gas and charcoal grills, outdoor living products and waterfalls.

CREATIVE SPIRIT, PERFORMANCE & QUALITY

A passionate dedication to grilling.

Napoleon®, a family owned Canadian company, has been providing home comfort for over 30 years, committed to designing and manufacturing only the finest high efficiency grills, fireplaces and outdoor living products you can depend on.

Superior technology, rock solid performance, balanced design and unparalleled customer service are the hallmark of the Napoleon® name. Your Napoleon® grill is designed to excel, offering a cooking experience as gratifying as the wonderful meals you will create. In the pages ahead, you'll discover the beauty and simplicity of Napoleon® style - the ideal complement to your outdoor living space.

On gastronomise la grillade.

🇫🇷 Napoléon® est une entreprise canadienne d'appartenance privée qui, depuis plus de 30 ans, se consacre au confort de votre demeure en concevant et en fabriquant des grils, foyers et produits de divertissement extérieur de qualité exceptionnelle. Des produits sur lesquels vous pouvez compter.

La marque Napoléon® se distingue par une technologie supérieure, une performance absolue, une conception équilibrée et un service à la clientèle inégalé. Votre gril Napoléon® est conçu pour exceller, tout en vous offrant une expérience culinaire digne de vos exquises créations culinaires. Dans les prochaines pages, vous découvrirez la beauté et la simplicité du style Napoléon®, le complément idéal de votre espace de séjour extérieur.

Una dedicación apasionada al arte de cocinar en parrillas.

🇪🇸 Napoleon® es una empresa familiar canadiense que, desde hace más de 30 años, ofrece la comodidad para el hogar con el diseño y la fabricación de parrillas, chimeneas y productos para la vida al aire libre de la más alta calidad y de los cuales usted puede confiar.

La tecnología superior, el excelente rendimiento, el diseño balanceado y el mejor servicio al cliente son el sello de la marca Napoleon®. La parrilla Napoleon® está diseñada para lucirse y ofrecer una experiencia culinaria tan gratificante como las comidas que prepare con ella. En las siguientes páginas, usted podrá descubrir la belleza y sencillez del estilo Napoleon®, el complemento ideal para la vida al aire libre.

Una passione per le griglie.

🇮🇹 Napoleon® è un'azienda privata canadese che, da oltre 30 anni, si occupa del comfort della vostra casa con la progettazione e la costruzione di grill, camini e prodotti per la vita all'aria aperta di altissima qualità. Un'azienda su cui potete riporre la vostra fiducia.

Il marchio Napoleon® è caratterizzato da una tecnologia all'avanguardia, prestazioni costanti e affidabili, un design armonioso e un impareggiabile servizio ai clienti. Il vostro grill Napoleon® è stato pensato per essere il meglio e per offrirvi un'esperienza di cottura tanto gratificante quanto le vostre prelibatezze culinarie. Nelle prossime pagine potrete scoprire la bellezza e la semplicità dello stile Napoleon®, il complemento ideale del vostro ambiente esterno.

DOUBLE THICK PORK CHOPS WITH FIRE-ROASTED CORN SALSA

- 4 boneless pork loin chops, about 2-3 inches thick (8 oz /250 g)
- 60 mL (¼ cup) Napoleon® Cajun Creole Spice
- 160 mL (½ cup) Napoleon® Buffalo Injector Sauce
- 125 mL (½ cup) Napoleon® Buffalo Injector Sauce
- 80 mL (½ cup) Thick Balkan-style honey

Fire-Roasted Corn Salsa

- 15 mL (1 tbsp.) olive oil
- to taste Napoleon® Cajun Creole Spice
- 2 cobs fresh corn, husks and silk removed
- 1 medium red onion, peeled and sliced into ¼" wide rings
- 1 red pepper, stem and seeds removed
- 1 jalapeño pepper, whole
- 15 mL (1 tbsp.) chopped fresh cilantro
- 60 mL (¼ cup) olive oil
- 1 lime, juiced
- to taste salt and coarsely ground black pepper

Using the Napoleon® Cajun Injector, inject the center of each chop with ¼ of the Napoleon® Buffalo Injector Sauce. Rub the chops with Napoleon® Cajun Creole Spice, massaging seasoning into the meat. Cover and refrigerate until needed.

In a small bowl, whisk together Napoleon® Buffalo Injector Sauce and thick Balkan-style honey until combined and smooth. Set aside.

Preheat grill to medium-high heat.

Lightly brush corn, red onion, red pepper, and jalapeño pepper with olive oil, and season to taste with Napoleon® Cajun Creole Spice. Place vegetables onto grill and cook until lightly charred and tender, about 4-5 minutes. Remove vegetables from grill and allow to cool. Remove kernels from corn, and finely dice onion, red pepper and jalapeño pepper. Place into a medium sized bowl with ¼ cup olive oil, lime juice, chopped cilantro. Mix well and season with salt and coarsely ground black pepper to taste. Cover and refrigerate until needed.

Place seasoned chops onto grill and sear for 2-3 minutes on each side. Reduce heat to medium-low and close the lid. Slow roast for an additional 10-12 minutes, turning and basting occasionally with the buffalo and honey mixture, until chops are just cooked through and juices run clear. Give chops a final baste and remove from grill. Serve immediately, topped with Fire Roasted Corn Salsa and extra basting sauce on the side.

Serves 4

- FR 1 - Brûleur latéral infrarouge SIZZLE ZONE®
2 - Rôtissoire optionnelle de qualité commerciale avec contre-poids, quatre fourches et un brûleur arrière infrarouge pour une cuisson savoureuse comme au restaurant

NAPOLEON® EXCLUSIVE FEATURES

SABOR A CARBÓN EN LA PARRILLA A GAS - La bandeja opcional para carbón de Napoleon está diseñada para que usted pueda agregarle a la parrilla a gas el sabor del carbón cuando lo deseé. Solo debe reemplazar el plato de sellado con la bandeja para carbón, agregar carbón y encenderlo con la parrilla a gas. Consulte la página 38 para obtener más detalles.

L'AROMA DELLA CARBONELLA DIRETTAMENTE DAL VOSTRO GRILL A GAS - Il vassoio per la carbonella, opzionale, di Napoleon vi consente di aggiungere il sapore tipico della cottura a carbonella ogni qualvolta lo vogliate. Basta sostituire il vassoio per la scottatura con quello della carbonella, aggiungere la carbonella e accendere il grill. Per maggiori informazioni fare riferimento a pagina 38.

CEDAR PLANKED BRIE CHEESE WITH FRESH BERRIES

- 1 - 12" Napoleon® Cedar Plank soaked in water for one hour minimum
- 2 x 125g (4.5 oz) brie cheese
- 250 mL (1 cup) strawberries trimmed and sliced into quarters
- 250 mL (1 cup) fresh berries (blueberries, raspberries, or blackberries)
- 125 mL ($\frac{1}{2}$ cup) raspberry jam
- 60 mL ($\frac{1}{4}$ cup) Sauvignon Blanc
- to taste coarsely ground black pepper

Soak your cedar plank for minimum of 1 hour in cold water.

Place the Brie wheels evenly spaced on the presoaked plank. Place all berries into a mixing bowl, pour in white wine and jam and toss gently to combine.

Season with coarsely ground black pepper to taste.

Preheat grill to medium heat.

Spoon the berry mixture evenly over the top of the two wheels of cheese.

Place the plank onto the preheated grill and close the lid. Plank bake brie for 10-12 minutes, or until sides are bulging and golden brown. Remove plank from grill and serve with slices of fresh baguette or crackers and plenty of napkins.

GRILLED VEGETABLE SALAD WITH SHIRAZ BALSAMIC VINAIGRETTE

Red Wine Balsamic Vinaigrette

- 250 mL (1 cup) olive oil
- 60 mL (¼ cup) Shiraz
- 60 mL (¼ cup) balsamic vinegar
- 30 mL (2 tbsp.) Dijon mustard
- 15 mL (1 tbsp.) chopped fresh rosemary
- to taste salt and coarsely ground black pepper
- 1 large Vidalia or sweet yellow onion peeled and sliced into rings
- 2 green zucchini - sliced in half lengthwise
- 8 large white mushrooms
- 3 sweet peppers (red, yellow, orange) cut in half, stems and seeds removed
- 1 bunch asparagus - trimmed
- 250 mL (1 cup) crumbled goat's cheese
- 5 mL (1 tsp.) chopped fresh rosemary

First, prepare the vinaigrette. In a bowl whisk together the olive oil, Shiraz, balsamic vinegar, Dijon mustard and rosemary. Season with salt and coarsely ground black pepper to taste.

In a large bowl or sealable container, combine all vegetables together. Add half of the vinaigrette to container, seal and refrigerate for one hour, turning occasionally to marinate evenly. Reserve remaining half of vinaigrette to toss with vegetables after grilling.

Preheat grill to medium-high heat.

Remove vegetables from marinade and arrange in a Napoleon® Multi Grill Basket. Place basket onto grill and cook vegetables, turning basket and basting occasionally with marinade, until lightly charred and tender, about 6-8 minutes per side.

Remove basket from grill and allow to cool slightly. Remove vegetables and cut into large chunks. Place vegetables into a large bowl, toss with reserved Red Wine Balsamic Vinaigrette, season with salt and coarsely ground black pepper to taste. Arrange onto serving platter and top with crumbled goat's cheese and chopped fresh rosemary.

OVEN-LIKE PERFORMANCE - Napoleon's LIFT EASE® roll top lid tucks neatly back giving you more space on your patio or deck. The tightly sealed lid will not be compromised by prevailing winds. Maximum heat is retained in the streamlined, double-walled lid for oven-like performance.

COMME LE BON RENDEMENT D'UN FOUR - Le couvercle équilibré LIFT EASE® de Napoleon permet un dégagement zéro à l'arrière du gril, ce qui vous laisse plus d'espace sur votre patio ou votre terrasse. Le couvercle étanche est conçu pour bien résister au vent. Ainsi, un maximum de chaleur est retenu à l'intérieur du couvercle à double paroi pour vous offrir une performance de type four.

FUNCIONAMIENTO SIMILAR AL DEL HORNO - La tapa corrediza LIFT EASE® de Napoleon se plie completamente hacia atrás para brindar más espacio en el jardín o en la terraza. El viento no afecta el funcionamiento de la tapa con cierre hermético. Se mantiene todo el calor gracias a la tapa aerodinámica y con pared doble que permite obtener un funcionamiento similar al del horno.

PRESTAZIONI SIMILI A QUELLE DEL FORNO - Il coperchio a guida scorrevole LIFT EASE® di Napoleon si ritrae per rendere più spazioso il vostro giardino o la terrazza. La tenuta del coperchio non viene compromessa dalla presenza di vento. Tutto il calore viene conservato sotto alla doppia parete del coperchio, dal design lineare, per offrirvi prestazioni simili a quelle di un forno.

STUFFED PORK CHOP

- 4 Bone-In Pork Loin Chops - 2" thick (10-12 oz, 300-360 g)
- 30 mL (2 tbsp.) Napoleon® Creole Cajun Seasoning

Stuffing

- 2 slices multi-grain bread - toasted, cooled, and cut into $\frac{1}{2}$ " cubes (about 3 cups/750 mL diced)
- 250 mL (1 cup) ground sausage meat, breakfast style
- 125 mL ($\frac{1}{2}$ cup) finely diced white onion
- 60 mL ($\frac{1}{4}$ cup) finely diced celery
- 60 mL ($\frac{1}{4}$ cup) Sauvignon Blanc
- 60 mL ($\frac{1}{4}$ cup) Napoleon® Fire Roasted Garlic Sauce
- 125 mL ($\frac{1}{2}$ cup) shredded mozzarella cheese
- 15 mL (1 tbsp.) chopped fresh thyme
- 15 mL (1 tbsp.) chopped fresh sage
- 30 mL (2 tbsp.) Napoleon® Creole Cajun Seasoning

In a large bowl, combine cubed bread, ground sausage, diced onion, diced celery, Sauvignon Blanc, Napoleon® Fire Roasted Garlic Sauce, shredded mozzarella cheese, chopped fresh thyme, chopped fresh sage, and Napoleon® Creole Cajun Seasoning. Mix well.

Using a sharp knife, make a 2-3" deep incision on the side of each pork chop to form a pocket in the center, taking care not to cut through the other side.

Stuff each pork chop with about $\frac{1}{2}$ – $\frac{3}{4}$ cup of the stuffing mixture, packing stuffing tightly into each pocket. Season pork chops with Napoleon® Creole Cajun Seasoning, pressing the seasoning into the meat to adhere. Place stuffed pork chops onto a tray, cover and refrigerate for a minimum of one hour to allow the stuffing to set.

Preheat grill to medium heat.

Grill pork chops for 10-12 minutes, turning once, until lightly charred. Move chops to top rack of grill, close lid and allow to roast for an additional 8-10 minutes, turning every 2 minutes and basting with Napoleon® Fire Roasted Garlic Sauce, or until pork is fully cooked and stuffing is hot throughout. Remove from grill and allow to cool for 1-2 minutes. Serve immediately with extra Napoleon® Fire Roasted Garlic Sauce on the side.

ACCU-PROBE® TEMPERATURE GAUGE - Safely and instantly read the internal temperature of your grill with the lid closed. This thermometer has a wide temperature measurement range from 0° to 370°C (0° to 700°F) and includes the ideal smoking and searing range.

JAUDE DE TEMPÉRATURE ACCU-PROBE™ - Vous donne une lecture instantanée de la température à l'intérieur de votre gril de façon sécuritaire, sans que vous ayez à soulever le couvercle. Cette jauge de température possède une large étendue de mesure allant de 0° à 370 °C (0° à 700 °F) qui indique aussi la zone de température idéale pour fumer et saisir les aliments.

INDICADOR DE TEMPERATURA ACCU-PROBE™ - Mide la temperatura interna de la parrilla de manera segura y rápida con la tapa cerrada. El termómetro marca la temperatura de 0 °C a 370 °C (0 °F a 700 °F) con el rango ideal para ahumar o sellar.

MISURATORE DELLA TEMPERATURA ACCU-PROBE™ - consente di leggere, in maniera sicura ed immediata, la temperatura interna del grill a coperchio chiuso. Il termometro rileva temperature da 0° a 370° C, indicando anche le temperature ideali di affumicatura e di scottatura degli alimenti.

NAPOLEON EXCLUSIVE FEATURES

PLANKED BEEF TENDERLOIN WITH SMOKY MASHED POTATOES

Mashed Potatoes

- 8-10 large Yukon Gold potatoes, peeled and quartered
- 30 mL (2 tbsp.) salt
- 60 mL (1/4 cup) softened butter
- 60 mL (1/4 cup) chopped fresh parsley
- to taste, salt and coarsely ground black pepper

Mushroom & Onion Topping

- 454 g (1 lb) Cremini mushrooms
- 2 medium Spanish onions, peeled and sliced into ½" rings
- 500 mL (2 cups) cheese curds (white or orange)
- 125 mL (½ cup) Parmesan cheese
- to taste Napoleon® Classic Steak Spice
- 4 beef tenderloin steaks (227g/8oz)
- 60 mL (1/4 cup) Napoleon® Classic Steak Spice
- 2 Napoleon® Cedar Planks (61 cm long) soaked overnight in water

For best results with this recipe, prepare Mashed Potatoes one day in advance, cover and refrigerate.

Mashed potatoes must be cold, so ideally prepare them the day before serving.

Place potatoes into a large pot and cover potatoes with cold water. Bring water to a boil, add salt and boil until tender (about 5-10 minutes). Drain well and set aside for 10 to 15 minutes to dry out.

Mash potatoes together with the butter, chopped herbs and season with salt and pepper to taste. Take care not to over mash, potatoes should be slightly lumpy.

Set potatoes aside to cool at room temperature. When cooled, cover and refrigerate overnight.

Preheat grill to high heat.

Spray mushrooms and sliced onions with non-stick cooking spray and season with Napoleon® Classic Steak Spice to taste. Grill vegetables for 5-6 minutes or until lightly charred and tender. Remove from grill and allow to cool slightly. Thinly slice mushrooms and onions and place into a large mixing bowl. Add cheese curds and Parmesan cheese, mix well and season with salt and coarsely ground black pepper to taste. Cover and set aside until needed.

Season steaks with Napoleon® Classic Steak Spice, pressing seasoning into the meat.

Place steaks onto grill and sear for 2 to 3 minutes on one side only. Remove from grill and evenly space steaks, seared side facing up, onto a 2' long Napoleon® Cedar Plank. Reduce grill temperature to medium heat.

Form the chilled potatoes around the steaks into uniform-level mounds surrounding each steak, leaving the tops of the steaks exposed. Place plank onto grill and close the lid. Plank grill steak and potatoes for 15-20 minutes, until potatoes are golden brown, crisp and heated through.

Remove the plank from the grill. Top each steak with ¼ of the mushroom and onion mixture, so that steak is completely covered. Return plank to grill and cook for an additional 8-10 minutes, or until cheese is completely melted and bubbling.

Carefully remove the smoking plank from the grill and place onto a heat resistant surface, or another soaked plank. Serve immediately.

CERAMIC INFRARED REAR BURNER - Ceramic rear rotisserie burner heat waves seal and lock in the juices quickly for superior tenderness. Restaurant style results and perfect self-basting roasts every time. (Heavy duty rotisserie kit with counter balance, stainless steel rotisserie bracket and forks available with most models.)

BRÛLEUR ARRIÈRE INFRAROUGE EN CÉRAMIQUE - Les ondes infrarouges du brûleur arrière en céramique saisissent rapidement les aliments et y emprisonnent les jus, leur donnant ainsi une exquise tendreté. Vous obtenez donc de parfaites grillades et des rôtis comme au restaurant. (Rôtisseur robuste avec contrepoids, support en acier inoxydable et fourches disponibles pour la plupart des modèles.)

NAPOLEON EXCLUSIVE FEATURES

QUEMADOR POSTERIOR INFRARROJO DE CERÁMICA - Las ondas de calor del quemador posterior estilo rotisserie de cerámica sellan y mantienen los jugos rápidamente para que los alimentos estén mucho más tiernos. Se obtienen resultados dignos de un restaurante y un adobado perfecto y continuo. (El kit de rotisserie ultrarrresistente con contrabalanceo, el soporte de rotisserie de acero inoxidable y los tenedores están disponibles en casi todos los modelos.)

BRUCIATORE POSTERIORE IN CERAMICA A INFRAROSSI - Il calore prodotto dal bruciatore posteriore per la rosticceria sigilla i liquidi, mantenendo le carni morbide. Gli arrosti si dorano da soli e saranno sempre perfetti, con risultati sempre degni di ristorante. (Kit rosticceria resistente, supporto in acciaio inox e forchettini disponibili nella maggior parte dei modelli).

TANDOORI LAMB CHOPS WITH RAITA DUNK

- 2 lamb racks, frenched (5 to 7 ribs each)

Marinade

- 1 jar 300 mL Napoleon® Tandoori Injector Sauce
- 125 mL (½ cup) chopped fresh mint
- 60 mL (¼ cup) olive oil
- 30 mL (2 tbsp.) lime juice

Raita Dunk

- 1 small red onion, finely diced
- ½ seedless cucumber, peeled and finely diced
- 1 clove fresh garlic, minced
- 250 mL (1 cup) plain yogurt
- 30 mL (2 tbsp.) lime juice
- 15 mL (1 tbsp.) chopped fresh mint
- to taste, salt and coarsely ground black pepper

Using a sharp heavy knife, cut between every bone to form chops about $\frac{3}{4}$ " thick.

Place Napoleon® Tandoori Injector Sauce, chopped fresh mint, olive oil and lime juice into a medium bowl and whisk to combine. Place chops into a sealable plastic bag, pour in marinade, seal bag and place into refrigerator to marinate for 2-3 hours, turning occasionally.

In a medium-sized mixing bowl, mix red onion, diced cucumber, minced garlic, yogurt, lime juice and mint. Season to taste with salt and coarsely ground black pepper. Cover and refrigerate until needed.

Preheat grill to medium-high heat.

Remove chops from the marinade. Carefully shake off excess marinade and place lamb chops onto grill. Grill lamb chops for 2 to 3 minutes per side, for medium rare doneness, basting continuously with extra marinade.

Remove from the grill and allow to cool for 1 minute.
Serve immediately with Raita Dunk.

STAINLESS STEEL TUBE BURNERS - Tube burners run front to back for precise heat control, allowing for independent use of each cooking zone for direct or indirect cooking.

BRÛLEURS TUBULAIRES EN ACIER INOXYDABLE - Les brûleurs tubulaires sont disposés de l'avant à l'arrière pour fournir une chaleur uniforme et un contrôle précis. Chaque brûleur fonctionne de façon indépendante, ce qui vous donne la possibilité d'opter pour une méthode de cuisson directe ou indirecte.

QUEMADORES TUBULARES DE ACERO INOXIDABLE - Los quemadores tubulares, ubicados de forma perpendicular, garantizan un control preciso del calor y permiten el uso independiente de cada área de la parrilla para la cocción directa o indirecta.

BRUCIATORI TUBOLARI IN ACCIAIO INOSSIDABILE - Bruciatori posti in senso perpendicolare, per un controllo preciso della temperatura, con possibile utilizzo indipendente di ogni zona per una cottura diretta o indiretta.

NAPOLEON EXCLUSIVE FEATURES

CHICKEN THIGHS WITH SOY WASABI GLAZE

- 12 chicken thighs, skin on & bone in
- 30 mL (2 tbsp.) Napoleon® Savory Chicken and Rib Spice

Soy Wasabi Glaze

- 30 mL (2 tbsp.) vegetable oil
- 5 mL (1 tsp.) sesame oil
- 4 cloves garlic, minced
- 15 mL (1 tbsp.) finely chopped ginger
- 125 mL (½ cup) soy sauce
- 60 mL (¼ cup) honey
- 30 mL (2 tbsp.) rice vinegar
- 15 mL (1 tbsp.) Wasabi powder
- to taste, salt and coarsely ground pepper
- 60 mL (¼ cup) toasted sesame seeds
- 125 mL (½ cup) pickled ginger

Pat chicken thighs dry with paper toweling. Season the chicken with Napoleon® Savory Chicken and Rib Spice, pressing the seasoning into the meat.

To prepare the glazing sauce, place the vegetable oil and sesame oil in a medium sauté pan over medium-high heat. Sauté the garlic and ginger until tender and fragrant, about 3 to 4 minutes. Stir in the soy sauce, honey and rice vinegar. Bring to a boil, reduce heat to low and simmer for 10 minutes. Remove from heat and whisk in Wasabi powder. Set aside and allow to cool.

Preheat grill to medium-high heat.

Spray chicken lightly with non-stick cooking spray and place onto grill. Sear chicken thighs for 2 to 3 minutes per side. Transfer chicken thighs to the top rack of the grill, turn grill down to medium heat and close lid. Roast chicken thighs for 20 to 30 minutes over indirect heat basting every 10 minutes with lots of the glazing sauce. Baste chicken thighs one final time with glaze and remove from grill.

Sprinkle chicken with toasted sesame seeds and serve with pickled ginger and extra glazing sauce on the side.

Oltre 10.000 ugelli producono una temperatura pari a 980°C per ottenere delle scottature ideali. Per maggiori informazioni fare riferimento a pagina 38.

BBQ CHICKEN TACO

- 4 boneless and skinless chicken breasts (225 g / 8 oz)

Marinade

- 125 mL (½ cup) Sauvignon Blanc
- 30 mL (2 tbsp.) olive oil
- 30 mL (2 tbsp.) Napoleon® Creole Cajun Seasoning
- 30 mL (2 tbsp.) minced garlic
- 30 mL (2 tbsp.) chopped fresh cilantro
- 1 jalapeno pepper, minced

Salsa

- 3 ripe Roma tomatoes
- 1 sweet pepper (yellow or orange) cut in half, stem and seeds removed
- 1 Vidalia onion, peeled
- 1 jalapeño pepper, seeds removed and finely diced (optional)
- 30 mL (2 tbsp.) chopped fresh cilantro
- 1 lime, juiced
- 15 mL (1 tbsp.) olive oil
- to taste, Napoleon® Creole Cajun Seasoning

Cilantro Lime Cream

- 250 mL (1 cup) sour cream
- 30 mL (2 tbsp.) chopped fresh cilantro
- 30 mL (2 tbsp.) minced garlic
- 2 green onions, thinly sliced
- 1 lime, juiced
- to taste, salt and coarsely ground black pepper

Garnish

- 8 hard taco shells, square-bottom or classic style
- 500 mL (2 cups) shredded iceberg lettuce
- 1 ripe avocado, diced
- 3 green onions, thinly sliced
- 1 lime, cut into wedges

First, prepare the marinade for the chicken breasts. In a bowl, combine Sauvignon Blanc, olive oil, Napoleon® Creole Cajun Seasoning, minced garlic, cilantro and jalapeno pepper. Mix well. Place chicken breasts into a large sealable bag or container and pour in marinade mixture.

Cover and allow to marinate for at least 1 hour refrigerated, turning occasionally to marinate evenly.

Next, prepare the salsa. Finely dice roma tomatoes, sweet pepper, onion and jalapeño pepper and place into a medium bowl. Add chopped fresh cilantro, lime juice, olive oil and mix well to combine. Season with Napoleon® Creole Cajun Seasoning to taste, cover and refrigerate until needed.

To prepare the Cilantro Lime Cream, in a medium bowl combine sour cream, chopped fresh cilantro, minced garlic, green onion and lime juice. Mix well and season with salt and coarsely ground black pepper to taste. Cover and refrigerate until needed.

Preheat grill to medium-high heat.

Remove chicken breasts from marinade, discarding excess marinade and place onto grill. Grill chicken breasts for 10-12 minutes, turning once, or until lightly charred and fully cooked throughout. Remove chicken from grill and allow to rest for 1-2 minutes. Thinly slice each chicken breast on an angle, into ¼" thick slices. Place into a bowl and set aside.

To assemble the taco, place about ¼ cup lettuce into the bottom of each taco shell. Top each taco evenly with salsa, a few slices of grilled chicken breast, diced avocado, sliced green onion and a dollop of Cilantro Lime Cream. Serve immediately with hot sauce, extra sour cream and lots of napkins!

THE SIRLOIN STEAK BURGER

- 1.36 kg/ 3 lb. ground sirloin steak
- 60 mL (¼ cup) Napoleon® Steak Sauce
- 30 mL (2 tbsp.) Napoleon® Classic Steak Spice
- 1 white onion, finely chopped
- 3 cloves garlic, minced
- 15 mL (1 tbsp.) chopped fresh parsley
- 15 mL (1 tbsp.) Dijon mustard
- to taste Napoleon® Classic Steak Spice
- 12 slices pre-cooked bacon
- 6 slices aged cheddar cheese
- 6 burger buns
- 125 mL (½ cup) melted butter

In a large bowl, combine the ground sirloin steak, Napoleon® Steak Sauce, 30 mL of Napoleon® Classic Steak Spice, onion, garlic, parsley and Dijon mustard. Using your hands, mix well to combine, taking care not to over mix the meat.

Form into twelve uniform-sized patties, about 4 oz each, ½" thick. Place patties onto a parchment paper lined tray, cover and refrigerate for at least one hour to allow the meat to set.

Preheat grill to medium-high heat.

Lightly spray each patty with non-stick cooking spray and season with Napoleon® Classic Steak Spice to taste. Grill burgers for 4 to 5 minutes per side for medium-well. Move burgers to the top rack of grill and top each burger with 2 slices of bacon and a slice of cheddar cheese. Close lid and allow cheese to melt and bacon to heat up for about one minute.

Brush cut side of burger buns with melted butter and grill, buttered side down, until crisp and golden brown. Remove buns from grill, place one burger on each bun and garnish with tomato, lettuce and sliced onion, top with other bun.

Serve immediately with French fries or coleslaw and your favorite Napoleon® BBQ Sauce!

SHIRAZ SMOKED BABY BACK RIBS

- 1 Napoleon® Smoker Wood Chips (cherry or apple) soaked in water for 2 hours
- 1 Napoleon® Smoker Tube
- Aluminum Foil
- 4 racks Pork Baby Back Ribs (1½ - 2 lbs each)
- 750 mL (2 cups) Shiraz
- 250 mL (1 cup) water
- 125 mL (½ cup) sugar
- 60 mL (¼ cup) salt
- 125 mL (½ cup) Napoleon® Creole Cajun Spice

Shiraz Glazing Sauce

- 30 mL (2 tbsp.) butter
- 1 medium onion, finely diced
- 4 cloves garlic, minced
- 250 mL (1 cup) Napoleon® Fire Roasted Garlic Sauce
- 125 mL (½ cup) Shiraz
- 125 mL (½ cup) honey
- 60 mL (¼ cup) grape jelly
- to taste, cayenne pepper
- to taste, salt and coarsely ground black pepper

Using a sharp knife, score the membrane on the backside of the ribs in a diamond or criss-cross pattern.

Combine the Shiraz, water, sugar and salt. Stir to dissolve sugar and salt, and then pour over the ribs. Cover and marinate for a minimum of 4 hours.

Preheat one side of the grill to low (225°F).

Remove the ribs from the marinade, reserving the marinade for basting. Rub ribs with Creole Cajun Spice, and place the ribs into a roasting pan.

Place the soaked Wood Chips in the smoker tube over the preheated side of the grill.

Place the ribs over the unlit side of the grill (indirect heat) and close the lid. Baste with the reserved marinade every hour and carefully refill the Smoker Tube with fresh, soaked Wood Chips several times for maximum smoke flavour. Smoke ribs for 3-4 hours, until ribs are a deep pink smoke colour. Remove ribs from grill and wrap individually in 2 sheets of aluminum foil each. Return ribs to grill and cook in foil for an additional 1 1/2 to 2 hours, or until ribs are tender and bones will wiggle a little when pulled. Remove ribs from grill and allow to cool slightly in the foil.

Meanwhile, while ribs are smoking, prepare the Shiraz Glazing Sauce. In a medium saucepan over medium heat, melt butter and sauté onion and garlic for 2 to 3 minutes. Add Fire Roasted Garlic Sauce, Shiraz, honey and grape jelly and bring to a boil. Reduce heat to low and simmer for 10 to 15 minutes, stirring occasionally. Season to taste with cayenne pepper, salt, and coarsely ground black pepper. Remove from heat, set aside and allow to cool.

Turn both sides of grill up to medium-high heat.

Spray ribs lightly with non-stick cooking spray and place onto preheated grill. Grill smoked ribs for 10 to 12 minutes per side basting liberally with glazing sauce throughout cooking. Remove from grill and allow to cool slightly. Cut ribs between every third rib bone and serve immediately.

DIRECT COOKING - This method of cooking utilizes all burners, cooking the food directly above the flame "GRILLING" style, for searing steaks, other meats or vegetables. Keeping the lid down reduces the cooking time and cooks through to the centre faster than with the lid up.

CUISSON DIRECTE - Cette méthode de cuisson fait appel à tous les brûleurs et les aliments sont cuits directement au-dessus de la flamme. Idéale pour faire saisir les biftecks, les autres viandes et les légumes. Garder le couvercle fermé réduit le temps de cuisson, et le centre de vos aliments cuît plus rapidement qu'avec le couvercle ouvert.

NAPOLEON EXCLUSIVE FEATURES

COCCIÓN DIRECTA - Este método de cocción utiliza todos los quemadores y cocina la comida al estilo "grillado", directamente sobre la llama. Esta cocción se utiliza para sellar bistecas u otras carnes, y también vegetales. La cocción con la tapa cerrada reduce el tiempo de cocción, y los alimentos se cocinan hasta el centro más rápido que con la tapa abierta.

COTTURA DIRETTA - Questo sistema di cottura utilizza tutti i bruciatori: direttamente sopra la fiamma - in stile "GRILLING" - verranno così grigliate bisteche, altri tipi di carne o verdure. Con il coperchio chiuso si riduce il tempo di cottura e il calore raggiunge il centro del cibo più velocemente.

BLOOD ORANGE AND CHARDONNAY POACHED PEARS

Chardonnay Caramel Sauce

- 250 mL (1 cup) Chardonnay
- 250 mL (1 cup) brown sugar
- 250 mL (1 cup) 35% cream
- 125 mL (½ cup) sweetened condensed milk
- 6 fresh pears
- 12 sheets aluminium foil (12" x 12" square)
- 125 mL (½ cup) dark brown sugar
- 3 + 3 blood oranges or tangerines
- 125 mL (½ cup) Chardonnay
- 15 mL (1 tbsp.) coarsely ground black pepper
- 6 small cinnamon sticks
- 1 bunch fresh mint
- Vanilla Ice Cream
- 500 mL (2 cups) assorted berries
(strawberries, blueberries, raspberries, blackberries)

In a medium saucepan over high heat, bring Chardonnay to a boil. Reduce heat to medium and simmer until the wine is reduced by half. Add the brown sugar, stirring gently, until the sugar has completely dissolved. Stir in the cream, increase heat to high and bring to a boil again. Reduce heat to low and simmer for 1-2 minutes. Remove from heat, allow to cool completely and whisk in the condensed milk. Set aside and keep warm until needed. Chardonnay caramel sauce will keep, covered and refrigerated, for about 5 days.

Preheat grill to medium-high heat, leaving one side of the grill turned off. Squeeze juice of the three blood oranges (or tangerines) into a small bowl, mix with ½ cup Chardonnay and set aside. Meanwhile, cut top and bottom off the three remaining blood oranges, cut each orange in half (you should have 6 orange wheels) and set aside. Peel pears and slice a small section off the bottom of each pear so that they sit upright. Set aside.

Place 2 sheets of foil (one on top of the other) on a flat surface. Place one blood orange wheel in the center of foil, top with 1 tbsp. of brown sugar, then stand a pear upright on top of the sugar. Drizzle the pear with about 1 tbsp. of the wine and orange juice mixture, then sprinkle with coarsely ground black pepper. Draw the corners of the foil square up to the center, insert a small cinnamon stick into the bundle with the pear, and crimp foil tightly to form a bundle. Repeat for all remaining pears.

Place the bundles on the unheated side of grill, close the lid and grill roast for 30 to 45 minutes or until the pears are tender.

Remove bundles from the grill, allow to rest for 1-2 minutes and open very carefully as there will be a lot of steam. Remove pear from foil and place the 'poached' orange slice into the center of serving plate. To slice the pear, starting just below the stem, make ½" deep slits vertically down the pear, about ¼" apart. Place pear back onto orange slice, drizzle with the Chardonnay caramel sauce and garnish with a sprig of fresh mint. Repeat with remaining pears. Serve with vanilla ice cream and fresh berries.

Serves 6

- FR 1 - Oeillets à chaque niveau du gril donnant un accès pour insérer une jauge de température
2 - Portes ajustées à charnières qui procurent un accès facile au bassin d'eau et au panier de charbon de bois
3 - Portes d'alimentation en air qui offrent un excellent contrôle de la température
4 - Couvercle supérieur contenant une barre horizontale avec cinq crochets à viande pour suspendre le poisson, les côtes ou les saucisses
5 - Chaque chambre de cuisson (case) contient une grille de cuisson de 50,8 cm
6 - Gril Apollo™ 3 en 1 pour fumaison sèche et humide qui agit aussi comme un gril au charbon de bois avec couvercle

- ES 1 - Pequeños orificios de control de temperatura en todos los niveles de la parrilla que permiten insertar un termómetro
2 - Puertas con bisagra y cierre hermético, que permiten obtener fácil acceso a la bandeja de agua o al canasto de carbón
3 - Varios orificios de ventilación para un control excelente de la temperatura
4 - La tapa superior incluye una barra horizontal con 5 ganchos metálicos para colgar pescado, costillas o salchichas
5 - Cada cámara de cocción (apiladora) contiene una rejilla de cocción de 50,8 cm
6 - Ahumador Apollo™ 3 en 1 para ahumar en seco o con líquido y parrilla a carbón con tapa que se puede utilizar de manera individual

- IT 1 - Fori presenti ad ogni livello, per l'inserimento del termometro di controllo
2 - Portelli (con cerniera) a tenuta, con facile accesso al vassoio dell'acqua e al cestello della carbonella
3 - Prese d'aria multiple per un controllo eccellente della temperatura
4 - La parte superiore del coperchio contiene una barra orizzontale con 5 ganci metallici, per la preparazione di pesce, costine o salsicce
5 - Ogni camera di cottura contiene una griglia di 50,8 cm
6 - 3 'n 1 Apollo Smoker Grill per affumicare a secco o a umido, e grill a carbonella da usare anche in maniera indipendente, con coperchio

INDIRECT GRILLING - Similar to baking. The food is placed above the unlit burner instead of directly over the flame. This can be achieved by only igniting some of the burners – light one side on high and cook the food on the other. This is an excellent way to cook tough cuts of meat, like brisket and ribs, that require long, slow cooking at a low or moderate heat.

CUISSON INDIRECTE - La cuisson indirecte est semblable à la cuisson au four. Les aliments sont cuits au-dessus du brûleur qui n'est pas allumé. Il suffit d'allumer certains des brûleurs – allumez un côté à feu élevé et faites cuire les aliments de l'autre côté. Cette méthode est excellente pour les pièces de viande plus difficiles à cuire comme les pointes de poitrine et les côtes qui nécessitent une cuisson lente à chaleur basse ou moyenne.

Vesta Award Winner
2009

NAPOLEON EXCLUSIVE FEATURES

COCCIÓN INDIRECTA - Similar a la cocción en el horno. Los alimentos no se colocan directamente sobre la llama, sino sobre el quemador apagado. Debe encender solo algunos de los quemadores. Encienda a fuego alto los de un lado y cocine los alimentos en el quemador del lado opuesto. De esta manera, podrá cocinar cortes duros de carne, como pecho o costillas, que necesitan una cocción lenta y prolongada a fuego bajo o moderado.

COTTURA INDIRETTA - La cottura indiretta è simile a quella fatta al forno. Il cibo viene posto direttamente sopra il bruciatore spento invece che direttamente sulla fiamma. Ciò si ottiene accendendo solo alcuni dei bruciatori – basta accendere un lato a fiamma alta e cucinare il cibo su lato opposto. Si tratta di un ottimo sistema per preparare tagli di carne difficili quali la punta di petto e le costine che richiedono lunghi tempi di cottura a basse o medie temperature.

OPEN-FACE CHICKEN BREAST SANDWICH WITH CUCUMBER & TOMATO SALSA

- 4 boneless, skinless chicken breasts (6 oz/225 g)
- 60 mL (¼ cup) Chardonnay
- 1 large orange, juiced
- 30 mL (2 tbsp.) olive oil
- 30 mL (2 tbsp.) chopped fresh basil
- 30 mL (2 tbsp.) chopped fresh parsley
- 30 mL (2 tbsp.) Napoleon® Savory Chicken and Rib Spice

Cucumber & Tomato Salsa

- 1 seedless cucumber, diced
- 2 vine-ripened tomatoes, diced
- 30 mL (2 tbsp.) olive oil
- 1 lemon, juiced
- 60 mL (¼ cup) chopped fresh basil
- to taste, salt and coarsely ground black pepper
- to taste, Napoleon® Savory Chicken and Rib Spice
- 4 slices thick-sliced Texas toast
- 125 mL (½ cup) garlic butter
- 250 mL (1 cup) shredded mozzarella cheese
- 250 mL (1 cup) bean sprouts

In a medium bowl, combine Chardonnay, juice of one orange, olive oil, chopped fresh basil, chopped fresh parsley and Napoleon® Savory Chicken and Rib Spice. Mix well. Place chicken breasts into a large sealable bag or container. Pour in marinade, seal container and refrigerate for a minimum of one hour, turning occasionally to ensure chicken marinates evenly.

In a medium bowl, mix together cucumber, tomato, olive oil, lemon juice and chopped fresh basil. Season to taste with salt and coarsely ground black pepper. Cover and refrigerate until needed.

Preheat grill to medium-high heat.

Remove chicken from marinade, discard marinade and lightly spray chicken with non-stick cooking spray. Season with Napoleon® Savory Chicken and Rib Spice to taste and place onto grill. Grill chicken for 15-18 minutes, turning once, or until chicken is fully cooked.

While chicken is grilling, spread garlic butter onto the bread. Place bread onto grill and toast until lightly charred. Turn over to toast opposite side of bread and top each slice with 1/4 cup shredded mozzarella cheese. Place bread onto top rack of grill and allow cheese to melt while chicken is grilling.

When chicken is fully cooked, remove from grill and allow to rest. Place one chicken breast onto each piece of garlic toast and top with Cucumber & Tomato Salsa and bean sprouts. Serve immediately.

Serves 4

- FR 1 - Jauge de température ACCU-PROBE® et porte d'alimentation en air résistant à la corrosion
2 - Tablette repliable en acier inoxydable pour un rangement additionnel (NK22CK-C)

SMOKING - Place wet wood chips into the smoker tube and place over the left burner, then turn the burner on. Place your meat over the right burner, but do not turn on that burner. You are using the indirect cooking method. Smoke the meat for several hours under a closed lid.

FUMAISON - Placez des copeaux de bois humides dans le boîtier et déposez-le au-dessus du brûleur gauche allumé. Déposez la viande sur la grille du brûleur droit sans toutefois l'allumer. Cette méthode fait appel à la cuisson indirecte et vous pouvez fumer la viande avec le couvercle fermé pendant plusieurs heures.

AHUMADO - Agregue trozos de madera húmedos en el tubo ahumador, colóquelo sobre el quemador izquierdo y encienda el quemador. Coloque la carne sobre el quemador derecho apagado. De esta manera, estará utilizando el método de cocción indirecta. Deje ahumar la carne durante varias horas, con la tapa cerrada.

AFFUMICATURA - Porre i trucioli di legno umido all'interno dell'affumicatore, da appoggiare sopra il bruciatore sinistro, quindi accendere quest'ultimo. Mettere la carne sopra il bruciatore destro, senza accenderlo. Viene così utilizzato il metodo di cottura indiretta. Tenendo chiuso il coperchio, affumicare la carne per diverse ore.

OASIS™ MODULAR ISLANDS

Endless Configuration Possibilities

NAPOLEON® EXCLUSIVE FEATURES

ROTISSERIE COOKING - Allows the food to self-baste, sealing in the juices while browning the outside surface. Use the rotisserie method of cooking for large cuts of meat like roasts, poultry or legs of lamb. Meats are generally juicier, self-basted and slow roasted.

CUISSON AVEC RÔTISSOIRE - La cuisson avec la rôtissoire permet de sceller les jus à l'intérieur des aliments tout en brûnant l'extérieur de ceux-ci. Utilisez cette méthode de cuisson pour les grosses pièces de viande comme les rôts, les volailles ou les gigots d'agneau. Les viandes sont généralement plus tendres et cuissent lentement dans leur propre jus.

COCCIÓN ESTILO ROTISSERIE - Método que permite un adobado continuo y el sellado de los jugos mientras se dora la superficie externa de los alimentos. Realice la cocción estilo rotisserie para cocinar grandes cortes de carne, como asado, aves o patas de cordero. En general, la carne queda más jugosa, con un adobado continuo y una cocción lenta.

COTTURA STILE ROSTICCERIA - La cottura in stile rosticceria consente di sigillare i liquidi di cottura e di dorare l'esterno delle carni. Utilizzare questo sistema per grossi tagli quali gli arrosti, il pollame o i cosciotti di agnello. Le carni risultano generalmente più succose, rosolate e vengono arrostito lentamente.

FINDING THE PERFECT STEAK - When buying a large steak, choose one that has a uniform thickness of about 1½ inches. Buy a top quality cut that is well marbled to ensure tenderness. The better the quality of beef, the tastier your steak will be. For a quick sauce, jazz up store-bought BBQ sauce by adding chopped chilies, a little Worcestershire sauce, a splash of vinegar, some chopped fresh onions or garlic, or get creative.

PER UNA BISTECCA PERFETTA - Quando acquistate una bistecca di grandi dimensioni, sceglietene una con spessore uniforme di circa 3,5 cm. Assicuratevi che il taglio sia dei migliori, con venature che assureranno la tenerezza della carne. Quanto migliore sarà la qualità della carne, tanto migliore sarà la vostra bistecca. Per creare velocemente un condimento, ravvivate una comune salsa per BBQ aggiungendo peperoncini finemente affettati, uno spruzzo di salsa Worcestershire e uno di aceto, un po' di cipolla e aglio sminuzzati, oppure state creativi e inventate voi una nuova salsa!

14 - Chariot robuste en acier galvanisé résistant à la rouille
- 10 - Estantes laterales de acero inoxidable con bandejas para condimentos y soportes para utensilios
11 - Sistema patentado de cocción ultrarrresistente en acero inoxidable
 - Rejillas patentadas WAVE®
 - Platos de sellado patentados con autolimpieza que evitan las llamaradas
 - Quemadores resistentes, calibre 16, que ofrecen un calor controlado y homogéneo
12 - Ruedas EASY ROLL®
13 - Compartimiento práctico para almacenar tanques en casi todos los modelos
14 - Carro ultrarrresistente, galvanizado y anticorrosivo
- 9 - Cestello portaghiaccio e tagliere
10 - Stainless steel side shelves with condiment tray and tool holders
11 - Robusto sistema di cottura in acciaio inox
 - Griglie di cottura WAVE®, brevettate
 - Piastre brevettate per la scottatura degli alimenti e per il controllo delle fiammate
 - Robusti bruciatori calibro 16 per un calore controllato e uniforme
12 - Rotelle EASY ROLL®
13 - Armadietto e vano portabombola (maggior parte dei modelli)
14 - Struttura robusta del carrello, antiruggine e galvanizzata

PRO600RSIB with standard infrared SIZZLE ZONE® side burner

HOW DOES INFRARED COOKING WORK?

Charcoal is the traditional way of infrared cooking that we are all familiar with. The glowing briquettes emit infrared energy to the food being cooked, with very little drying effect. The Napoleon® infrared burner cooks in the same way. In each burner, 10,000 ports each with its own tiny flame cause the surface of the ceramic to glow red. This glow emits the same type of infrared heat to the food, without the hassle or mess of charcoal. It also provides a more consistent heated area that is far easier to regulate than a charcoal fire. For instantaneous searing, the burners can be set to high, yet they can also be turned down for slower cooking. The bottom line is that Napoleon's infrared burners produce searing heat for juicier, tastier steaks, hamburgers and other meats.

Still want the convenience of gas, but long for that charcoal flavour? No problem! Napoleon's charcoal tray lights easily with your gas burner. Before you begin to use your charcoal tray, you will need to determine how much charcoal you are going to need to complete the meal. Approximately one layer for burgers or steaks and two layers for roasts or chicken. Pour enough charcoal into the tray to make the layers needed. Stack charcoal into a cone shape. Remove one sear plate, light the gas burner directly under the charcoal tray and burn on high until the charcoal is glowing red and then turn off the gas burner. Let coals burn until all coals are white on the surface. With a long handle instrument, spread the coals evenly across the coal grate. Close lid, wait 5 minutes and start cooking!

Le charbon de bois est la méthode traditionnelle de cuisson à l'infrarouge avec laquelle nous sommes le plus habitués. Les briquettes incandescentes émettent de l'énergie infrarouge à l'aliment qui se fait cuire, et ce, avec très peu d'assèchement. Les brûleurs infrarouges de Napoléon® fonctionnent de la même façon. Dans chaque brûleur, 10 000 orifices, possédant chacun leur flamme, rendent la surface de la céramique incandescente. Cette incandescence émet le même type de chaleur infrarouge, sans le souci du charbon de bois qui est souvent malpropre. De même, la chaleur est plus uniforme, donc plus facile à contrôler que celle du charbon de bois. Pour saisir les aliments, les brûleurs peuvent être réglés à « high » et être ensuite réglés plus bas pour une cuisson plus lente. En conclusion, les brûleurs infrarouges de Napoléon® produisent un rayonnement intense qui vous donnera des steaks, des viandes et des hamburgers plus juteux et plus savoureux. Pour connaître les temps de cuisson et certains conseils, consultez le tableau de cuisson à l'infrarouge dans votre manuel.

Vous désirez les avantages du gaz, mais le goût spécifique du charbon de bois! Pas de problème. Les briquettes dans le bac à charbon de bois de Napoléon® s'allument facilement avec le brûleur. Avant de commencer à vous servir du bac à charbon de bois, vous devrez déterminer la quantité nécessaire pour votre repas. Environ une couche pour les biftecks ou les hamburgers et deux couches pour les rôtis ou les volailles. Placez suffisamment de briquettes dans le bac et entassez-les afin de former une pyramide. Enlevez une plaque de brûleur et allumez le brûleur en dessous du bac à charbon de bois. Laissez chauffer, à chaleur intense, jusqu'à ce que les briquettes rougeoient, puis éteignez le brûleur. Laissez les briquettes brûler jusqu'à ce qu'elles deviennent blanches en surface. À l'aide d'un ustensile à long manche, étendez les briquettes uniformément dans le bac. Fermez le couvercle. Attendez 5 minutes. Commencez la cuisson.

El carbón es la forma tradicional de cocción infrarroja que todos conocemos. Las briquetas emiten energía infrarroja a la comida que se está preparando, con poco efecto de secado. El quemador infrarrojo Napoleon® cocina de la misma manera. En cada quemador, hay 10.000 orificios, cada uno con su propia llama diminuta, que calientan la superficie de cerámica. Esta incandescencia emite el mismo tipo de calor infrarrojo a los alimentos, sin la incomodidad y suciedad del carbón. También brinda un área de calor constante que se regula con mayor facilidad que el fuego del carbón. Puede obtener un sellado instantáneo a fuego máximo o reducir el fuego para lograr una cocción más lenta. Lo más importante es que los quemadores infrarrojos de Napoleon generan calor abrasador para que los filetes, las hamburguesas y otras carnes sean más jugosos y sabrosos. Para conocer los tiempos de cocción y otras sugerencias, consulte el gráfico de cocción en parrilla infrarroja incluido en el manual.

¿Desea la comodidad del gas pero le gusta el sabor a carbón? ¡No hay problema! La bandeja para carbón de Napoleon® se enciende fácilmente con el quemador a gas. Antes de empezar a utilizar la bandeja para carbón, debe calcular la cantidad de carbón que necesitará para cocinar. Aproximadamente, una capa para hamburguesas o filetes y dos capas para pollos y carnes asadas. Coloque la cantidad necesaria de carbón en la bandeja. Acomode el carbón en forma de pirámide. Retire un plato de sellado, encienda el quemador a gas directamente por debajo de la bandeja para carbón y déjelo funcionar hasta que el carbón esté rojo. Luego, apague el quemador a gas. Deje que las briquetas se quemen hasta que tengan una capa blanca. Con un utensilio de mango largo, distribuya las briquetas de forma pareja en toda la rejilla. Cierre la tapa, espere cinco minutos y comience a cocinar.

La carbonella è il metodo tradizionale di cottura a infrarossi che tutti conosciamo. I brichetti incandescenti emettono energia al cibo in cottura, asciugando poco gli alimenti. Il fornello a infrarossi Napoleon® funziona nello stesso modo. In ogni fornello, 10.000 ugelli — ognuno con la sua minuscola fiamma — scaldano la superficie in ceramica. Questa incandescenza emette lo stesso tipo di calore ad infrarossi, senza la scomodità o la sporcizia provocata dalla carbonella. L'area di cottura è inoltre riscaldata in maniera più omogenea, molto più semplice da regolare che non un fuoco a carbonella. Per le scottate veloci i fornelli possono essere impostati su High, oppure si può velocemente abbassare la temperatura per cotture più lente. Con il calore incandescente prodotto dai fornelli a infrarossi Napoleon otterrete bistecche, burger e altre carni ancora più saporite e succose. Fate riferimento alla tabella nel manuale per conoscere i tempi di cottura e per interessanti suggerimenti.

Volete la comodità del gas, ma vi manca il sapore della carbonella? Niente di più facile! Il vassoio per la carbonella di Napoleon® si abbina perfettamente al vostro bruciatore a gas. Prima di usare il vassoio per la carbonella si dovrà determinare quanta carbonella sarà necessaria per la vostra ricetta. Ci vorranno circa uno strato per burger e bistecche, e due per arrosti e pollo. Versate quindi la carbonella necessaria nel vassoio apposito. Ammucchiate la carbonella a forma di cono. Rimuovete una griglia per la scottatura, accendete il bruciatore direttamente sotto il vassoio per la carbonella e fatela bruciare ad alta temperatura fino a quando non è rossa; spegnete quindi il bruciatore. Lasciate raffreddare la carbonella ardente, fino a quando il colore non diventa bianco in superficie. Con l'aiuto di uno strumento dal manico lungo, distribuite la carbonella uniformemente sulla griglia. Chiudete il coperchio, attendete 5 minuti e iniziare la cottura.
