### **NAPOLEON APPLIANCE CORPORATION (NAC) ANNOUNCES NEW KITCHEN MODULE**

**NAC announces a kitchen module (OD-KSM100) to transform a cart model grill into a convenient outdoor kitchen**

Bring all the convenience of your kitchen outdoors with Napoleon's new kitchen module. It's perfect for all your food preparation and clean up needs. Now you can really give your kitchen a break with the convenience of added counter space, storage space and functioning sink. The module simply connects to your garden hose or can be hard piped into plumbing. A drainage bucket underneath the sink is required if not hard piped (not included).

The new kitchen module configures with all of Napoleon's Mirage™ and LE series models. Stainless steel and silver powder coated construction along with a stainless steel sink and faucet offer long lasting quality. A storage shelf along the entire front, counter space and under cabinet storage provide all the convenience of a kitchen outdoors. It also comes with two sets of handles; black and chrome plated for your design choice. True to Napoleon's passion and dedication to quality, this kitchen module complements the design and functionality of all Napoleon Gourmet Grills.

###

#### **About Napoleon Gourmet Grills**

It all began in 1976 when a small steel fabrication business launched by Wolfgang Schroeter started manufacturing steel railings in Barrie, Ontario, Canada. At that time, no one could imagine the incredible future that lay ahead for Wolf Steel Ltd., and eventually Napoleon® Fireplaces and Napoleon® Gourmet Grills. Since the first wood stove rolled off the production line over 36 years ago, Wolf Steel's commitment was to be distinctive and successful in everything they do. Napoleon's commitment to producing quality products combined with honest, reliable service has proven to be a successful framework to ensuring the continued rapid growth of the company. Napoleon® is an ISO9001 - 2008 registered company and now operates with 750,000+ square feet of manufacturing space and over 700 employees. We are North America's largest privately owned manufacturer of quality wood and gas fireplaces (inserts and stoves), gourmet gas and charcoal grills, outdoor living products, waterfalls and now a full line of Heating & Cooling equipment.
