About Napoleon Fireplaces & Grills

It all began in 1976 when a small steel fabrication business launched by Wolfgang Schroeter started manufacturing steel railings in Barrie, Ontario, Canada. At that time, no one could imagine the incredible future that lay ahead for Wolf Steel Ltd. and eventually Napoleon® Fireplaces and Napoleon® Gourmet Grills. Since the first wood stove rolled off the production line over 30 years ago, Wolf Steel's commitment was to be distinctive and successful in everything they do. The Napoleon's commitment to producing quality products combined with honest, reliable service has proven to be a successful framework to ensuring the continued rapid growth of the company. Napoleon® is an ISO9001 - 2000 registered company and now operates with 500,000+ square feet of manufacturing space and over 500 employees. We are North America's largest privately owned manufacturer of quality wood and gas fireplaces (inserts and stoves), gourmet gas and charcoal grills, outdoor living products and waterfalls.
